Electrical Code Program

- Arnold Hornback and Norb Thorpe (Metro Louisville Electrical Inspectors) presented a photo presentation with several examples of violations that inspectors see in the field.
Some of them were:
 - No protection cover on outdoor panel circuit breaker.
 - Wrong size conduit hub install on outdoor electric service panel.
 - Homemade circuit breaker divider installed on electrical panel.
 - Extensive use of liquid-tight flexible conduit on solar panel installations and incorrect conduit supports.
 - Conduit supports not to NEC installation standards.
 - Insulating Bushings not utilized.
 - No bonding bushings on ground rod installations.
 - Romex cable installed into 8-B extension ring on exterior wall.
 - PVC not installed into PVC correctly.

Questions / answers and comments were an integral part of the presentation.

The April Wire Code questions were answered by Dennis Steier.

The winner of the 50/50 drawing (\$75.00) was Mark Steurer
